Harold:

Miami Herald says they cannot provide the photo from the issue of 20 June 1963 because they are out of that issue. This refers to the photo showing arrest of Hemming, and others. If you pursue and get the picture from your friend at the Miami Herald, please have a copy sent to me-- tell me the cost.

P.S. Roffman wrote and said he would be visiting you soon. He was a little concerned because he has shoulder-length hair and thought you might find it offensive. I told him there was no cause for concern.

Got a Dealey Plaza post card today from Gary in Dallas. He may be getting the Betzner pictures.

You will be getting a few cigars in a couple of weeks. My in-laws are coming up and they can mail them when ~~they~~ return to the States. Hope you like them. I do.
